and Infrastructure
Washington, D.C. 20515

The Honorable Sam Graves
Ranking Member
House Committee on Transportation
And Infrastructure
Washington, D.C. 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Section 595 Western Rural Water Program in the Water Resources Development Act of 2022.

For the Section 595 Western Rural Water Program, there will likely be many project opportunities across Nevada and eligible Western states. The purpose of this program is to give authority to the U.S. Army Corps of Engineers to provide design and construction assistance for water-related environmental infrastructure and resources protection and development projects in rural areas across multiple western states. Additional authorization will help fund projects like wastewater treatment and related facilities, water supply and related facilities, environmental restoration, and surface water resource protection and development.

I certify that neither I nor my immediate family has any financial interest in these projects.

Sincerely,

Mark E. Amodei
Member of Congress
