The Honorable Kay Granger  
Chairwoman  
House Committee on Appropriations  
Washington, D.C. 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Dayton Sewer Main and Manhole Rehabilitation project, located in Lyon County, Nevada, in fiscal year 2025. The entity to receive funding for this project is Lyon County, located at 34 Lakes Blvd, Dayton, NV 89403.

The funding would be used to rehabilitate 2,790 linear feet of gravity sewer line, replace 1,320 linear feet of gravity sewer line, rehabilitate 40 manholes, and replace seven manholes in the old town area of Dayton, NV. The existing infrastructure has reached its useful life and is at risk of failure. The recommended replacement and rehabilitation plan is based on a condition assessment report from Farr West Engineering. This project addresses critical structural elements that need to be mitigated to ensure continued compliance with the regulatory requirements of the Clean Water Act. This project appropriately uses ratepayer funds, and it is anticipated to benefit the community through improved infrastructure resiliency and reliability.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mark E. Amodei  
Member of Congress
