The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
Washington, D.C. 2051

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the City of Fallon for Modernizing the Fallon Police Department Dispatch and Emergency Response Communication Network and Records Management System, in fiscal year 2026. The entity to receive funding for this project is the City of Fallon, located at 55 W Williams Ave, Fallon, NV.

The funding would modernize the Fallon Police Department Dispatch and Emergency Response Communication Network and Records Management System. This project is a responsible and good use of taxpayer dollars because it will significantly enhance the radio and digital communications capabilities of the Fallen Police Department and Emergency Operations Center. With the current system nearing the end of its lifespan and becoming increasingly costly and complex to maintain, the new system offers heightened flexibility, reliability, extended operational range, and seamless integration with the new statewide emergency responders communication network.

The project has a federal nexus because the funding provided is for purposes authorized by authorized by section 1701(b)(8) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(8)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mark E. Amodei
Member of Congress
